Weather Lore
By: Tara Needham

The weather back then was much
gerrier than know a days. In Summer
It was hot and sunny, know a days.
it is cold in summer. They say
that when cows gather around a tree
It's a sign of bad weather.
Another sign of knowing weather is put
your finger in your mouth and put it
in the air and your will know if it
is blowing west East South or North.

Stories of School Days

The kids in grade 2 had to teachers write and are very smart. They had no teachers in the small so they had a fire.

The kids had to bring in trash their self. They all got stopped by an older.

It was very very sad because they got raped and the death of muscle.
